"Big Four" to Form Commit-  
tee That Will Deal With  
Teuton Delegates

BY FRED S. FERGUSON  
(United Press Staff Correspondent)  
PARIS, April 15.—The peace  
program was authoritatively out-  
lined to the United Press today  
as follows:

The treaty will be handed to the  
Germans April 25.

If the Germans have plenary  
powers it will be signed almost  
immediately; otherwise it will  
first be submitted to the govern-  
ment at Weimar.

Separate treaties will be pre-  
sented to Austria, Turkey and  
Bulgaria within a few days after  
the Germans arrive at Versailles.

As soon as all treaties are signed  
a period of twenty to thirty  
days will be permitted for ratifica-  
tion by the Allied govern-  
ments.

When two-thirds of the governments  
have ratified the treaties they become  
effective.

President Wilson is expected to call  
a special session of congress for this  
purpose not later than June 1.

The "Little Five" (foreign minis-  
ters) council met today to discuss the  
mechanical details of the final peace  
sessions. Under present plans a  
plenary session will be held next week  
in which the new covenant of the  
nations will be presented, as well as  
the final reports of other commis-  
sions.

No definite decision has been reached  
regarding the work after the Ger-  
man delegates arrive but it is under-  
stood a special committee, composed  
of the "Big Four," will deal with  
them. The treaty will be gone over  
and the various points explained. The  
Germans are then expected to return  
to Weimar and submit the treaty to  
their government. This plan naturally  
will be altered if the German dele-  
gates have plenary powers, as they  
will then be able to turn the treaty  
without leaving Versailles.

Make Quick Cleanup  
The cleaning up of the important  
questions involved in the treaty came  
like a whirlwind and although some  
details are still outstanding they can  
be specially whipped into shape. The  
Adriatic question, under consideration  
by the "Big Four," today, will not slow  
up the treaty with Germany. This and  
other problems can continue under de-  
bate while the negotiations are under  
way with the Germans.

The treaty to be handed the Ger-  
mans April 25 will be at least 75,000  
words long, according to the best es-  
timates. It probably will consist of  
a general introduction in which all  
the principles will be set forth and  
which will be followed by special  
protocols, covering several divisions.

Among these will be the League of  
Nations covenant, to which the Ger-  
mans will subscribe, although they  
will not be admitted to membership  
in the league until they are voted in  
under the covenant provision for ac-  
ceptance of new members.

In addition to the military and  
naval terms, which have already been  
outlined, the treaty will cover all other  
ground completely.

Exclusive United Press dispatches  
of March 22 stated Germany would  
be allowed an army of 100,000 men,  
a navy of six battleships, six light  
cruisers and 24 destroyers and torpe-  
do boats and no military air force.  
Also that she would be rendered fur-  
ther impotent through Allied control  
of her war material supply.

Military and Naval Terms  
The military and naval terms will  
contain approximately 1000 words,  
reparations, the same, waterways and  
responsibilities about 5000 each.

Boundaries, which will require at  
least 5000 words, will give Alsace-  
Lorraine to France, as well as giving  
the French possession of the Saar  
coal mines. The valley will be admin-  
istered by France as mandatory for  
the League of Nations for fifteen  
years, after which a plebiscite will be  
held. The Rhine boundary is not  
changed but the forts will be dismant-  
led and France will be given guaran-  
tees against attack which she has  
characterized as "most acceptable."

The waterways provisions include  
internationalization of the Rhine, Elbe

## San Francisco Woman Deported From London for War Acts

LONDON, April 15.—Miss Lillian  
L. Scott Troy, 35, of San Fran-  
cisco, has been deported for "activi-  
ties detrimental to the British  
and Allied cause," the home office  
announced today.

Miss Troy, who was under sur-  
veillance throughout the war, was  
said to have been a friend of the  
notorious Baron Von Horst. Her  
activities are said to have includ-  
ed fomentation of Irish distur-  
bances. She was escorted to Liv-  
erpool by a Scotland Yard detec-  
tive and placed aboard a liner.

## RIOTERS IN INDIA BURN BUILDINGS, MANY ARE SLAIN

LONDON, April 15.—Serious riots  
in India were reported in official dis-  
patches from the viceroy today. Disor-  
ders resulted from deportation of sev-  
eral agitators.

Two banks, the town hall and a  
warehouse were burned in Amritsar.  
Five Europeans were killed. Troops  
fired into crowds of rioters, killing  
nine and wounding twenty-one. Five  
casualties occurred at Lahore. In  
Kasur a mob attacked the railway sta-  
tion, killing a British soldier. Armored  
trains and an airplane  
were employed in restoring order.  
The telegraph office was burned in  
Ahmedabad. Cavalry and police charged  
a mob in Bombay, inflicting some  
casualties.

## IRANS-OCEAN FLIERS AWAIT GOOD WEATHER

ST. JOHN'S, N. F., April 15.—Aus-  
picious weather conditions are still  
being awaited by the British avi-  
ators here ready to start their flights  
across the Atlantic.

The Martinsyde plane is practically  
ready for the jump, while the defect  
in the wireless equipment of the Sop-  
with has been remedied.

Pilot Harry Hawker of the Sopwith,  
it is understood, may depart from his  
original plan for an afternoon start  
and make his getaway in the fore-  
noon. Major Morgan of the Martinsyde  
is not making any definite fore-  
casts of the time he will begin his  
flight.

## LABOR COUNCIL WON'T RECOGNIZE NEW BODY

SPOKANE, Wash., April 15.—The  
Central Labor Council last night re-  
fused to endorse the move now on foot  
here to organize a soldiers and sailors  
council.

An investigating committee declared  
it had found memberships of the present  
organization of Spokane soldiers  
are composed of 60 to 65 per cent  
union men and that the endorsement  
of the new council would only tend to  
bring more dissension among the  
ranks of Spokane labor.

## GUARD AT WOODMAN TRIAL IS ORDERED

LOS ANGELES, April 15.—Rigid  
precaution to prevent gunplay and  
possible tragedy in the trial of Mayor  
P. T. Woodman which opens here  
Thursday are being taken, it became  
known today. Reports that certain  
parties had threatened violence if  
their names are mentioned in the  
case, have reached the authorities. A  
special guard has been provided for  
the court room and each spectator  
may be searched for weapons before  
entering the court room.

## FOUR IRISH COUNTIES UNDER MARTIAL LAW

DUBLIN, April 15.—Owing to po-  
litical unrest and disturbances, mar-  
tial law has been proclaimed in the  
counties of Cork, Tipperary, Limerick  
and Croson.

Thousands of persons have gone on  
strike in Limerick as a protest against  
establishment of martial law. Thou-  
sands of workers also paraded the  
streets of Dublin in protest.

## NEW ENGLAND 'PHONE OPERATORS ON STRIKE

BOSTON, April 15.—Approximately  
8000 operators of the New England  
Telephone & Telegraph Company in  
New England went on strike at 7  
o'clock this morning to enforce their  
demands for increased wages.

There was no disorder. The union  
places the blame for the situation on  
Postmaster General Burleson, who  
the latter in a telegram last night dis-  
claimed any responsibility.

## TROUBLES ARISE IN NEW TEACHERS UNION

SAN FRANCISCO, April 15.—In-  
ternal dissension has already split the  
ranks of the new labor union of local  
teachers, organized a week ago. It  
was learned today.

One faction has accused a small  
clique of attempting to pack the or-  
ganization meeting.

The union is allied with the A. F. of  
L.

## Keep Santa Ana Neat For Summer Guests Weeds and Rubbish Accumulate Quickly

Santa Ana may need cleaning, but just look at New York.

## WILSON MESSAGE GIVES NEW ANGLE TO ANTI-JAP LAW

SACRAMENTO, April 15.—A new  
angle of the administration's attitude  
toward anti-Jap legislation in the  
California senate was disclosed today  
with the receipt of another cablegram  
from President Wilson.

The President, through Secretary  
Lansing, thanks the senate for "de-  
fering action" on the bills which in  
his earlier messages were declared  
"untimely" in view of developments  
at the peace conference.

This is taken as an indication that  
the administration is not opposed to  
anti-Japanese legislation per se or to  
consideration of the bills at a later  
and more opportune time.

The latest cablegram also carries a  
promise to remember the senators  
who were responsible for having the  
action deferred with its converse that  
those who fought for the bills will not  
be forgotten.

It also carries a hint that other than  
the official senate communications to  
Paris on the matter have been pass-  
ing. No names were mentioned in the  
senate communications, although Mr.  
Lansing says: "I shall take pleasure  
in informing the President of the ac-  
tion of those who are responsible."

## EXPECT LLOYD-GEORGE TO REPORT ON PEACE

LONDON, April 15.—Premier Lloyd-  
George, who arrived from Paris last  
night, was expected to lay the case  
of the British peace delegation before  
the conservative House of Commons  
tomorrow.

The unionist majority in Commons  
recently directed a memorandum to  
the premier, demanding that Germany  
be made to pay the full cost of the  
war and virtually asking why Lloyd-  
George was evading his pre-election  
pledges. His speech will be a reply  
to this memorandum.

Some newspapers professed to see  
a cabinet crisis resulting from the  
present situation.

## PUT 'FORWARD' ON YOUR LETTERS TO SOLDIERS

SAN FRANCISCO, April 15.—Let-  
ters sent to soldiers whose organiza-  
tions have been ordered home, and  
themselves held overseas, should have  
the note, "Please forward, addressee  
still in France," on the outside of the  
envelope.

According to Postmaster Charles W.  
Fay, there are many cases where  
some officers and soldiers are left in  
France after their organizations have  
been ordered home, to adjust accounts  
or care for property. In this case  
their mail is returned to this country  
to the locality of their detachment, un-  
less some notification of their situation  
is made on the envelope.

## SHOULD TRY NATIONS' LEAGUE, ASSERTS TAFT

INDIANAPOLIS, April 15.—There  
can be no peace treaty without the ac-  
ceptance of the league of nations by  
the world, William Howard Taft told  
members of the Methodist conference  
last night.

"The treaty means nothing if we  
cannot enforce it," said the former  
president. "Conditions in Europe are  
such that we must have a league of  
nations."

Taft said the covenant was not per-  
fect and perhaps it would not work as  
expected every time but abolition of  
the wars is worth the effort and adop-  
tion of the league of nations.

## COURSE IN FRENCH TO BE GIVEN AT U. OF C.

BERKELEY, Cal., April 15.—To  
further cement the friendship ties be-  
tween France and America, the Uni-  
versity of California has arranged a  
special course of study concerning  
French ideals, etc., for the coming  
summer session. Dr. Charles Cestra,  
professor of American Civilization at  
the University of Paris, widely known  
as an author and critic, will conduct  
the course.

## Eternal Vigilance Needed to Have City In First Class Condition

Weed time is here again and a little  
judicious work just now will have a  
lot of labor later on in keeping down  
the noxious growth. It's just like swat-  
ting the fly early in the game—get rid  
of them when there are only a few and  
prevent them from waxing fatter and  
increasing their numerical strength.  
Swat the weeds about your place—  
NOW.

Santa Ana is a clean city but in  
keeping the town free from accumu-  
lations of rubbish eternal vigilance is  
necessary and perfection is never  
reached. The cleanup a month ago  
improved the looks of Santa Ana won-  
derfully, but there is still much work  
to be done before the proper degree  
of neatness and cleanliness is  
reached.

Weeds, tree and shrubbery trim-  
mings, and leaves are bound to accumu-  
late unless cleaned out regularly.

Summer visitors will soon be arriv-  
ing and passing through Santa Ana  
and it is desired that they receive the  
best impression possible. To that end,  
everyone is asked to co-operate in  
"shining up" their property. The ex-  
ample will be a good one, the neigh-  
bors will do likewise and soon this  
will be a spotless town.

Every day now should be clean-up  
day until the city is spick and span.

## BULLETINS

CITRUS FRUIT MARKET  
NEW YORK, April 15.—Thirty-  
seven cars of oranges and four  
cars of lemons sold. Orange ir-  
regular, bringing higher and  
lower prices in spots. There was  
little change in average prices.  
Averages ran from \$2.65 to \$6.25.  
Highest price, Lotus, \$6.90. Lem-  
ons were steady for best stock,  
15 cents lower on choice. Averages  
\$2.95 to \$4.14. Weather  
rainy 8 a. m. Temperature, 44.

SAN BERNARDINO, April 15.—John  
A. Henderson, Republican, was  
elected mayor of San Bernar-  
dino yesterday by a majority  
of 2,284 over Cecil H. Phillips.  
The final count today showed that  
William Guthrie was named city  
attorney by a majority of 21.

SACRAMENTO, April 15.—Gov.  
Stephens today signed the  
Harris "dry" bill which provides  
for enforcement of the Sheppard  
amendment and which becomes effective the same  
date as the federal law. Ten  
other bills were signed by the  
Governor today, chiefly relating  
to local affairs in Northern Cal-  
ifornia.

SAN FRANCISCO, April 15.—Two  
bandits held up the messenger  
of the Bank of California to-  
day and robbed him of \$3,000 in  
currency. They first rapped the  
messenger over the head with the  
butt of a revolver. They dragged  
him in a doorway while pe-  
destrians looked on. The rob-  
bery occurred while the mes-  
senger was en route to the Federal  
sub-treasury. The bandits evi-  
dently made a clean escape.

NEW YORK, April 15.—More  
than 5,000 officers and men arriv-  
ed on the transport Edward Luc-  
kenbach today. Among them  
was a large number of men from  
the 361st infantry of the 91st di-  
vision. These men included the  
headquarters of the second and  
third battalions, 361 infantry, the  
machine gun company and com-  
panies C, D, E, F, G, H, I, K, L  
and M.

PARIS, April 15.—That Presi-  
dent Wilson will sail for home  
the first or second week in May  
was the best information in  
Paris this afternoon. At the same  
time Wilson's associates said  
they believed an extra session of  
congress would be called when he  
sailed and not before. Unofficial  
advice to the peace conference  
was that the German delegates  
will not be empowered to sign  
the peace treaty but will be re-  
quired to return with it to Weimar  
where it will be discussed by the  
German government and possibly  
debated in the national assembly.  
The treaty therefore probably  
will be closed about May 1st.

## VISCOUNT ISHII GOING TO JAPAN, FOR CONFERENCE

WASHINGTON, D. C., April 15.—  
Viscount Ishii, Japanese ambassador  
to the United States, is returning to  
Japan, it was officially announced at  
the Japanese embassy today.

"The ambassador is returning to  
Tokyo for a conference regarding var-  
ious matters before the Japanese gov-  
ernment," the embassy statement de-  
clared. "The ambassador will depart  
the first of May."

Following reports to the depart-  
ment that an American hospital in  
Korea had been entered by Japanese  
gendarmes and Korean patients in the  
building arrested and removed, to-  
gether with the reported arrest of  
Rev. Ely Mowry, Presbyterian mis-  
sionary to Korea officials today in-  
timated that a "serious situation has  
been born."

Difficulties seem to be rapidly in-  
creasing between the two nations. Re-  
ported Japanese infringements on  
American rights in Korea are being  
carefully investigated by this govern-  
ment. Previously there has been  
growing feeling in Japan against the  
United States for President Wilson's  
refusal to sanction a clause in the  
League of Nations covenant which  
would insure against racial discrimi-  
nations by any nation against the  
orientals. There also has been strong  
anti-American propaganda circulated  
in Japan for some time and the feel-  
ing between the United States and  
Japanese troops in the Orient is not  
good.

## SAN FRANCISCO TRADE GOES OVER SEATTLE

SAN FRANCISCO, April 15.—San  
Francisco's foreign trade for 1918  
was greatly in excess of that of Seat-  
tle, foreign trade board statistics from  
Pacific coast ports show. Seattle  
has heretofore been credited with big-  
ger trade abroad.

Figures compiled by the foreign  
trade board gives San Francisco  
\$1,098,574 more imports and \$49,  
\$66,425 more exports than Seattle  
during 1918.

This increase was registered despite  
the fact that the customs district of  
Seattle embraces 20 ports and cus-  
toms districts of San Francisco only  
three ports.

## EXPLOSION ON CHASER BEING INVESTIGATED

SAN DIEGO, April 15.—A board  
of inquiry appointed by Rear-Admiral  
William F. Fullum was today investi-  
gating the explosion aboard the U. S.  
S. submarine chaser No. 297 yester-  
day. An unofficial report was that  
sparks from wireless apparatus lines  
on the craft ignited the gasoline that  
was being taken on board from an  
auto tank on the dock.

Four of the ten men burned are still  
in a serious condition and little hope  
for their recovery is held by the sur-  
geons at the Balboa Park naval hos-  
pital. Those badly injured are: John  
Barron, machinists mate, 27, Wor-  
chester, Mass.; E. J. Gayner, gunners  
mate, 28, Portland, Ore.; Jos. Chad-  
derson, seaman, 24, Acra, N. Y.; W.  
W. Conover, quartermaster, 27, San  
Francisco. The others, although badly  
burned, will recover.

## BRIG. GEN. RICHARDSON GOES TO ARCHANGEL

WASHINGTON, April 15.—Brig.  
Gen. Wilds F. Richardson, command-  
ing American troops at Murmansk  
Russia, left yesterday with his staff  
and replacement officers to take  
charge of the situation at Archangel,  
where American troops mutinied two  
weeks ago, a war department cable  
announced today.

PORTLAND TO HEAR HANSON  
PORTLAND, Ore., April 15.—Mayor  
Ole Hanson has accepted the invita-  
tion of the Portland Press Club to de-  
liver an address here Friday night.  
The Seattle executive's subject will be  
"Americanism Vs. Bolshevism."

## 24000 Iron Workers Again at Odds Over Half Holidays

SAN FRANCISCO, April 15.—  
Twenty-four thousand iron  
workers were at loggerheads again  
today with the California Metal  
Trades association over the Satur-  
day half holiday.

The Iron Trades Council last  
night ordered the iron workers to  
abrogate their agreement with the  
association and to observe a full  
half holiday Saturday instead of  
abiding by the graduated scale  
agreement.

The council took this action be-  
cause the agreement had caused  
great confusion, its members  
stated.

## HERE'S HOW LOAN IS DIVIDED AMONG TOWNS IN COUNTY

Following are the amounts the  
fourteen districts of Orange Co.  
will have to subscribe in the Vic-  
tory Loan in order to push Or-  
ange County over the top for the  
fifth and final time:

Town	Quota
Anaheim	\$ 282,150
Brea	15,975
Buena Park	8,550
Fullerton	214,425
Garden Grove	30,375
Huntington Beach	37,575
La Habra	25,875
Newport Beach	12,375
Orange	271,800
Placentia	43,875
Santa Ana	1,072,125
Tustin	40,500
Yorba Linda	11,925
	\$2,082,600

## MAY DISBAR ATTORNEY FOR AIDING SLACKERS

SEATTLE, Wash., April 15.—Ad-  
mitting he received more than \$5000  
from drafted men for filling out ques-  
tionnaires and preparing affidavits to  
help them avoid military service and  
declaring he always "hated England,"  
John W. Arcander, Seattle attorney,  
is before the state board of bar exam-  
iners today on charges filed to disbar  
him from practice of law. Two other  
Seattle attorneys also will be called  
before the board.

The disbarment proceedings were  
started on information obtained from  
federal intelligence officers.

## L. A. SHIPYARDS TO GET NEW CONTRACTS

WASHINGTON, April 15.—Negotia-  
tions are under way between the Los  
Angeles Shipbuilding company and  
the Skinner-Eddy company, Seattle,  
and the shipping board for the rein-  
stating of contracts for ship construc-  
tion. Revision of the shipbuilding  
program has caused the cancellation  
of big contracts in each of the west  
coast yards.

Officials here said the new con-  
tracts, if they were let, would specify  
ships of a larger type, probably 12,000  
tons, than were provided in the origi-  
nal contracts. Although no final ac-  
tion has been taken in either case offi-  
cials declared the new contracts  
would include a construction cost of  
"below \$150 a ton."

## ARRESTS EXPECTED OF BIG BOOTLEGGERS' GANG

SEATTLE, Wash., April 15.—Ar-  
rests are expected hourly that will re-  
veal the workings of an elaborate boot-  
legging syndicate following the seizure  
of 6150 quarts of bonded whisky in an  
old barn near the abandoned meadow  
race track by Sheriff Stringer and de-  
puties.

The liquor is valued at more than  
\$50,000 and was contained in sealed  
metal containers holding 30 bottles,  
each packed in sawdust.

## WOMAN GETS DIVORCE, CHICKENS, HOGS, PIGS

TACOMA, Wash., April 15.—Beside  
an absolute decree of divorce, Mrs.  
Alice Elmore was given the following:  
The custody of three children, 75 chick-  
ens, 12 hogs and 36 pigs.

In addition to this price for being  
cruel, C. D. Elmore must pay his for-  
mer wife \$50 a month alimony.

## MORE TROOPS COMING HOME

WASHINGTON, April 15.—The fol-  
lowing organizations have been as-  
signed to early convoy from France,  
the War Department announced to-  
day: 322nd bakery company, 401st  
telegraph battalion, 15th company,  
second mechanic regiment, air ser-  
vice.

## MORE PAY FOR TEACHERS

SPOKANE, Wash., April 15.—A flat  
raise of \$150 a year for every school  
teacher in the city was voted at the  
school board meeting here last night.  
Minimum salaries in future will be  
\$850.

OHIO SOLDIERS ARRIVE.  
NEW YORK, April 15.—Thirty-five  
officers and 1248 men of the 332nd in-  
fantry, mostly Ohio, arrived today on  
the French liner Capois.

# \$1,072,125 IS SANTA ANA U. S. LOAN QUOTA

Orange County Expected to  
Take \$2,082,600 Bonds  
In New Drive

BANK DEPOSITS GROW  
SINCE LAST CAMPAIGN

Chairman R. L. Bisby Asserts  
City Will Go Bounding  
Over Top Quickly

Santa Ana's quota for the new  
Victory Loan, which opens April  
21, is \$1,072,125, as against \$1,  
420,000 in the fourth loan. Orange  
County's total for this loan is \$2,  
082,600. The quotas for the coun-  
ty has just been received by Bisby  
and their publication is made to-  
day for the first time.

The banks show a substantial  
increase in deposits over what  
they were at the start of the  
fourth loan, and this in face of  
the fact that the city went well  
over her quota in the purchase of  
bonds.

The quota for Southern California  
is \$53,643,350, and has been ap-  
portioned among the counties as follows:  
Imperial, \$1,127,900; Inyo, \$192,400;  
Los Angeles, \$39,630,400; Orange, \$2,  
082,600; Riverside, \$1,183,500; San  
Bernardino, \$2,028,950; San Diego, \$3,  
828,150; Santa Barbara, \$2,170,550;  
Ventura, \$1,297,900.

The Los Angeles city quota is \$31,  
\$49,200.

With bank deposits over a quarter  
of a million dollars greater and the  
quota about \$400,000 less than it was  
in the last drive, Santa Ana will go  
bounding over the top in the Victory  
loan with the same snap that char-  
acterized the last campaign. This is  
the opinion of County Chairman R. L.  
Bisby. The county quota is less than  
the fourth loan.

Work Well in Hand  
Bisby has his county organization  
well in hand and is now devoting it-  
self to picking up the loose ends

## PLANTED BOMBS PRESBYTERY TO ON HIS PLACE HOLD MEETING IN BELGIUM HERE, STARTS TOMORROW

Huns, After Armistice, Looted His Home, Former Westminster Man Writes

WESTMINSTER, April 15.—Richard Uyttersport and his sister, Belgians, of this place, have received a long letter from their brother, Omer, now residing on their old home place at Erwetegem, Canton Sottegem, Belgium, dated February 28.

Omer, who was living here with his brother and sister, returned to Belgium in May, 1914, and although he wanted to come back to the United States, was prevented from doing so by war conditions. During the long years of the war he was unable to communicate with his brother and sister in America, who were very solicitous concerning his safety.

The letter just received gives some detail in his experiences during the war. The Belgians in the vicinity cached everything possible in the ground and in coal mines—any place to hide things from the Germans. Two large orchards on the place, one 60 years old and the other 40 years old, were not molested until about two weeks before the armistice was signed.

At this time, the Germans billeted 160 soldiers and 60 horses in the large house and farm buildings on the place. Across the road in their new orchard, now 40 years old, the Germans planted four large cannons. On their withdrawal after the armistice was signed, the Germans took all the bedding, sheets, blankets, etc., they could lay their hands on, to the value of \$500. In their stead, the Germans planted about 50 kilograms, or nearly 100 pounds each. These bombs were placed in various locations about the place. One of their neighbors, on his return to his home after the Germans retreated, found a hand grenade in his house. He very carefully picked it up and started to throw it out of the house but it exploded, killing him by mangleing his body in a horrible manner.

Omer is a man now 64 years of age and will remain in Belgium to care for two sisters and superintend the farming of the home place. Located in East Flanders, the soil of the old home place is very fertile. Although it has been cultivated for hundreds of years, it continues to produce large crops of wheat, oats, clover, hay and root crops. This is possible by a careful rotation of crops and the application of barnyard manure.

A few weeks ago, the Plavay boys of Santa Ana wrote of their visit with Omer Uyttersport on occupying Belgium after the retreat of the Germans.

U. P. Ministers and Elders of Three Counties Gather at 10:30 a. m.

The Los Angeles Presbytery of the United Presbyterian church will meet at the United Presbyterian church of Santa Ana tomorrow morning at 10:30 o'clock and will hold sessions tomorrow morning, afternoon and evening and Thursday morning.

Between thirty-five and forty ministers and elders of United Presbyterian churches in Los Angeles, Orange and San Diego counties will be present. Business sessions will be held Wednesday and Thursday mornings, and special sessions will be held tomorrow afternoon and evening, to which the public in general is invited.

The address tomorrow afternoon at 2:30 o'clock will be by Dr. Ashwood, the United Presbyterian pastor at Pasadena, and the address tomorrow evening is to be by Rev. Curtis Stevenson, pastor at Long Beach. Rev. Stevenson's address is to be directed particularly to the work of the young people in the churches.

The visiting ministers and elders are to be entertained at the homes of members of the church, and dinners will be served to them at the church tomorrow noon and Thursday noon.

Rev. J. G. Kennedy, pastor of the U. P. church here, is in Fresno, where he is upon the program for an address to the presbytery now meeting there. He will arrive home in time for the opening of the Los Angeles Presbytery here.

## MUST FILE SALARY REPORT BY MAY 15

Collector Carter Makes Statement to Employers of District

Organizations and individuals generally are advised by Collector of Internal Revenue John P. Carter, to underscore on their calendars May 15, the last day for the filing of information, giving the names and addresses of all individuals to whom payments of salaries, wages, rents, interest, commissions and other gains, profits and income of \$1.00 or more were paid during the year 1918. An extension of time from March 15 to May 15 was granted by the Commissioner of Internal Revenue for the filing of these returns.

"All employers of labor, whether in large or small numbers, are required to make these returns," said Collector Carter. "Organizations, such as corporations, companies, partnerships, etc., are required to file returns showing the salaries and wages paid to the officers and employees."

"A separate return for each employee whose salary for 1918 was \$1,000 or more is required."

"Bank, trust companies and similar institutions must make returns of information showing interest paid to, or credited to the account of, and individual if the amount so credited or paid was \$1,000 or more."

"Real estate agents are required to report the gross amounts received in rents or other income, and remit to their principals if such amounts for 1918 were \$1,000 or more. The bill provides that whenever necessary the name and address of the recipient of the income shall be furnished by the person, corporation or partnership paying them. Returns of information must be filed with the Commissioner of Internal Revenue, Sorting Division, Washington, D. C. Collectors of Internal Revenue are not authorized to

receive such returns. Form 109, upon which reports must be made may be obtained, however, from the offices of collectors.

"Returns of information must be accompanied by a letter of transmittal on Form 1096 showing oath the aggregate amount of the payments. These forms also may be obtained from collectors."

"The penalty for failure to make a return on time is a fine of not more than \$1,000."

## Our Opportunity

In April, 1917, the United States declared war on Germany. Our Government was ordered to win that war regardless of expense. This task required the greatest expenditure of labor and materials in the least possible time in order to save the lives of our sons, brothers, fathers and friends who were at the front. The bills were high but necessary to meet the emergency and win. We did win. Now we are asked to LOAN our money to our Government to pay the bills that made victory possible. Let us meet the question squarely and gladly in the knowledge that this is a Victory Loan and not another Liberty Loan that would have marked the continued progress of that man-consuming conflict. Most of us have done our part as Americans so far to the best of our ability. Let us not wench now.

and Oder rivers. The Kiel canal will be left in Germany's possession but will be open to passage of all ships in peace time and its forts will be dismantled.

As outlined to the United Press the reparations section of the treaty probably will be based on a provisional minimum indemnity of \$25,000,000,000. The permanent reparations committee will be expected to get as much more as Germany's financial and economic condition permits after the final installment of \$5,000,000,000, which will be paid within two years. The general belief is that France will get about 55 per cent of the total amount of indemnities.

**Will Settle Kaiser's Fate**  
While the responsibilities committee has agreed on indictment and trial of minor officials in the countries in which their crimes were committed, the question of whether the former kaiser and his chief accomplices shall be corporally punished probably will be determined at the plenary session next week owing to the fact that the committee failed to agree on this one point.

Premier Clemenceau conferred with Colonel House yesterday afternoon and expressed entire satisfaction with the progress of the peace work. He is understood to have informed him that the Matin's attacks against President Wilson are not inspired by the government. On the contrary, he said, the attacks were directed more at him than at Mr. Wilson.

**BY FRANK J. TAYLOR**  
(United Press Staff Correspondent)  
BERLIN, April 15.—The Germans are becoming more and more imbued with the idea that although they have lost the war they are winning in the peace conference.

This is largely a development of the past month. Two months ago the Germans were ready to accept any peace the Allies might impose. Now the people are becoming independent to the extent of cockiness.

I do not know whether the attitude here is the result of the delays in Paris and the continuous stream of reports of Allied differences which are widespread in the German press or whether it is part of an organized plan on the part of the Germans. It is probably both, for members of the old regime certainly are making the most of the situation, endeavoring to educate the Germans up to the idea they ought to turn Bolshevik if the peace terms are unsatisfactory and that if the Allies can hardly agree among themselves where there are no Germans present, a few German diplomats on the ground could quickly give the Allied peace program a permanent setback.

For instance, Count von Bernstorff gets much delight out of the way things are going in Paris. I met him on the street the other day and asked him what he thought of the situation.

"The situation is all in Paris," he replied. "It isn't very diplomatic to say this and I suppose I ought not to tell you but we've been damned fools and have made some awful blunders. However, we never had anything on Paris."

Bernstorff was the first man I remember hearing predict the possibility of Germany "going Bolshevik" if the Allies were overhauled according to German ideas. Then President Ebert talked the same way; then the other cabinet members, then the newspapers grabbed the idea and propagated it widely on every hand. Every waiter will tell you that Germany has the peace conference up a tree and that she will turn to Russia if her delegates do not like the peace terms.

the loan can fail in Santa Ana with such a showing. It is impossible.

"The same ratio prevails in regard to the county. The entire resources of all the banks in the county upon which the Fourth Liberty Loan was figured was \$19,270,000. For this, the Victory Loan, the resources of the banks of the county are \$19,371,000, or an increase in the resources of the banks of Orange County of \$701,000.

"We cannot read these figures without feeling a natural pride in the wonderful productiveness of our country. And it is that same pride, that same desire to do our duty, that will cause the Victory Loan to go 'over the top.'"

MAY BRING CO. L  
MEN BY AUTO  
THURSDAY

Forty-three to Be Discharged at Kearny; Mothers Are Planning Dinner

Forty-three members of Company L, 160th infantry, expect to be discharged at Camp Kearny on Thursday and are due to reach Santa Ana that evening in time for a dinner which mothers of the boys are planning. Fear that they would not be discharged in time to get a train to Santa Ana was expressed yesterday in a letter from First Sergeant Earl King, and the good time planned for Thursday evening would be spoiled. To guard against any such contingency, the reception committee headed by R. L. Bisby is laying plans for bringing the boys by auto if necessary to get them here in time for the dinner.

If this is found necessary, ten or twelve automobiles will be needed to go to Camp Kearny to get the men. In order to be ready should the boys' discharge be delayed, Bisby asks that anyone who would be willing to drive their cars to Kearny to get the men Thursday afternoon list their names with him, so that he can reach them on short notice. The autos will not be needed if the men are discharged in time to catch a train for Santa Ana.

Those in the company who will be here for the mothers' dinner are the following:

Emmett A. Donnelly, Frederick W. Hood, John J. Leonard, Clifton C. Taylor, San Luis Obispo; Harold A. Watson, Ohio; Mita D. Hale, Phelan; Wm. R. Donnelly, San Luis Obispo.

## FOR FRECKLES

Girls! Make beauty lotion for a few cents—Try It!

Squeeze the juice of two lemons into a bottle containing three ounces of orchard white, shake well, and you have a quarter pint of the best freckle and tan lotion, and complexion beautifier, at very, very small cost.

Your grocer has the lemons and any drug store or toilet counter will supply three ounces of orchard white for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day and see how freckles and blemishes disappear and how clear, soft and rosy-white the skin becomes. Yes! It is harmless and never irritates.

LETTS PAYS TWO  
MILLIONS FOR  
3296 ACRES

Undivided Tract Between Los Angeles and Beaches to Be Developed

LOS ANGELES, April 15.—A monumental real estate deal, whereby Arthur Letts, local merchant prince, paid two million dollars cash for the 3296 acre Wolfskill ranch between Los Angeles and the west beaches, was announced today. Letts will convert his new property into a fine residential district and development work will begin at once. The sellers are Matt Ashby Wolfskill, Ney Wolfskill of Fresno, and their invalid sister, Edith Irene Wolfskill, of Pasadena.

The great holding which Mr. Letts has added to his many other valuable properties, was known of old as the Rancho San Jose de Buenos Aires, and is still so marked on maps of record. Through its long association with the Wolfskill family, it long since came to be known under that name.

The ranch skirts Pico boulevard on the south for about two miles, extending northward to the foothills three miles away. It lies to the west of the Los Angeles Country Club property and the lands of the Rodeo Land & Water Company, bordering both, and has for its western boundary the Soldiers' Home grounds and a part of the town of Sawtelle.

Mr. Letts plans to convert the big tract into one of the most beautiful and attractive residential districts in the United States. He said last night that his confidence in Southern California and its future is so strong that he has no doubt whatever that the purchase will not only be profitable to him but will bring tens of thousands of well-to-do people here to reside.

## THE BOND BAROMETER

Volume I, No. 1, of the "Orange County Citizen," has been issued from "Villa Park, Orange County, California," dated "Saturday, April 12, 1919."

In its introduction the "Citizen" says it "is a campaign newspaper published with one object, namely, the presentation to the voters of Orange County of the facts regarding the proposition to vote bonds to the amount of \$500,000 for the development of Newport Bay." In the next paragraph the statement is made that "the 'Citizen' is printed and supported by a committee of taxpayers of Orange County, who are interested in OPPOSING THE PROPOSED HARBOR BONDS."

While it is not so stated by the "Citizen," it is quite well known to a considerable number of citizens that the "Citizen" is published by Horace McPhee, former editor and owner of the Santa Ana Daily Blade, and now editor and owner of the Santa Paula Chronicle. While Mr. McPhee is no longer a citizen of Orange County, he is still a taxpayer, having business property in Santa Ana and an orange grove at Villa Park.

The "Orange County Citizen" prints as the leading article of its first issue an editorial from the "Taxpayers' Journal," the official organ of the Taxpayers' Association of California. This editorial is offered as an argument against the proposed Harbor Bonds. However, it is perfectly apparent that the writer had no intention or desire to discourage any such well-considered and sound public improvement project as that on which Orange County is to vote on the 10th of June. Everybody will agree with the Taxpayers' Journal that "ILL-CONSIDERED PROJECTS FOR INCREASING TAXES AND EXPANDING THE PUBLIC DEBT BURDEN ARE NOT TO BE LIGHTLY TOLERATED."

But nearly everybody will agree with the statement that the proposed Harbor Bonds project is NOT ill-considered. It has been given most thorough and careful consideration and has the endorsement of—

The Orange County Harbor Commission,

The Santa Ana Chamber of Commerce,

The Associated Chambers of Commerce of Orange County,

The Board of Supervisors of Orange County,

And many other civic bodies of the county, including a large majority, if not all, of the local Chambers of Commerce throughout the county.

In its introduction to the editorial from the "Taxpayers' Journal," the "Orange County Citizen" refers to the Harbor Bonds project as a "huge civic expenditure."

Let us see just how "huge" it is.

It is proposed to issue the bonds at five per cent and pay them off at the rate of \$25,000 per annum.

Assessor James Sleeper says Orange County's assessed valuation this year will be a hundred million dollars.

So it will be seen at a glance that the bond tax for the first year will be fifty cents on each \$1000 of taxable property in the county. This bond tax will decrease each year until the last (or 20th) year, when it will be but a small fraction over twenty-five cents on the \$1000 valuation.

Thus a taxpayer having a home or other property worth \$5000 (which would be assessed at 40 per cent of its real worth, or \$2000) would have to pay one dollar the first year and a smaller sum each year until the last, when he would have to pay a little over fifty cents.

Certainly a "huge civic expenditure!"

The editorial from the "Taxpayers' Journal" refers to the fact that during the war the federal government created a "Capital Issues Committee," without whose consent no public or private corporation securities could be issued; and the "Orange County Citizen" evidently would have this act construed as evidence that the federal government still discourages public and private enterprise requiring capital issues. Not so. Not only as the Capital Issues Committee ceased to exist, but the federal government is urging that all public and private enterprises that were abandoned or held in abeyance during the war be now carried forward with all possible expedition, IN ORDER TO

## PROVIDE WORK FOR RETURNING SOLDIERS.

Whatever other arguments may reasonably and logically be urged against the Harbor Bonds, governmental policy and reconstruction requirements certainly are not among them.

## BOY SCOUT MOVEMENT

The Boy Scout movement is worthy of the support of every man and woman who is anxious to see American youth develop along physical, mental and moral lines.

The idea that some people have that the Boy Scout movement means simply play for boys is far from the facts. The organization develops the physical side of the boy by encouraging the athletic tendencies which are found in every red-blooded, energetic boy; it teaches him reverence, politeness, submission to authority; its oath appeals to the honor of youth. It develops his mental side by encouraging him to read books of the right sort.

No home organization was more helpful in winning the war than were the Boy Scouts. In the larger cities, where scoutcraft has been thoroughly organized, these boys proved indispensable and even right here in Santa Ana they performed an urgent service by being at the headquarters of the various war drives and aided by running errands, hanging posters, and they were officially recognized by President Wilson and made "gleaners" in the Liberty Loan drives. They went out into the highways and byways and sold Liberty Bonds where others had not been and the result was that they added many millions of dollars toward helping win the war.

These are only a few of the things scoutcraft will do for boys. Parents, get behind the movement and watch your boy develop into a real red-blooded American man.

## BEING GOOD

Most of us from childhood up really want "to be good," if only we could do it easily. Being good is made out to be such a hard job that we get discouraged very young, and don't get over it, says Charlotte Perkins Gilman. It seems to consist, mostly, in doing what you don't want to and not doing what you do want to. Once I asked a nice girl who was talking very seriously about life if she did not really wish to be good. She solemnly replied that she had often thought of it, but she did not want to leave her mother! Unfortunately we confuse being good with being religious. There are many religions and many sects in each one, but a good man or woman looks much the same in any of them. Of course we have different ideas of goodness, but for us today there are some qualities we can agree on. Robert Louis Stevenson put cheerfulness and courtesy first in his list of virtues. Whether first or not they are certainly good qualities.

Our congratulations are extended to the Orange News upon its entrance upon its twelfth year of publication. Its beginnings as a daily were made doubtfully, but time long since fully justified its expansion from a weekly into a daily. Under its present ownership the paper is nearing the end of the tenth year of its usefulness. It has always been and is now more than ever a credit to its community. Orange, by the way, has grown considerably in eleven years. It is situated in the midst of a highly developed and wonderfully productive section, and the city itself and all of its surrounding territory and the News as its daily paper are gems in the county's diadem of excellence and progress.

## BANKS AMERICANIZE

Garden Grove News  
Whenever a banker induces an alien to become a depositor he is helping make a good citizen and saving our institutions. The relation between a popularly managed bank and its customers grows in value when we consider the importance of Americanization of immigrants who are the bulk of our laborers. Of the seventeen million aliens in our country only six million were found to have any vital contact with our institutions and these had been induced to become bank depositors.

All industries and lines of business are in one way or another interpreters of American ideals and none more potent than the banker who handles the earnings of foreign-born labor. No matter which one of the forty alien languages he speaks, he comes a little nearer to the standards of American citizenship when he forms that subtle connection of having his name on a bank pass book.

O, HAPPY THE LIFE.  
(Contributed to the Register by Thomas Wright, 514 South Broadway)

O, happy the life of the song bird fair,  
As it wings its way through the balmy air,  
'Neath the blue of the Southland sky;  
The gleam of the sun on its gilded wings,  
The warbling song that it sweetly sings,  
Not a sign of sorrow or sigh.

O, happy it swings on twig of the tree  
With its song so sweet, so cheery, so free,  
At the close of beautiful day;  
Its evening song is perhaps a prayer,  
To the Father of all whose tender care  
Has made it so happy and gay.

O, why should there be a sorrow or sigh  
Beneath the blue of the Southland sky,  
'Mid flowers of rarest perfume?  
For God has smiled on this fair spot of earth,  
His smile is the smile of gladness and mirth,  
With never a frown or a gloom.

And we, too, perhaps, like the song-bird fair,  
As it wings its way through the balmy air,  
'Neath the blue of the Southland sky,  
Would have not a sorrow, have not a care,  
If silent we breathed the song bird's prayer  
At the close of beautiful day.

O, beautiful days in the Southland fair,  
Each beautiful day a silent prayer  
Ascending to God on high!  
The flowers that bloom in garden and sod,  
Each breathe in their way a prayer to their God,  
At the close of beautiful day.

## "Smoke Short and Live Long to Smoke More," Says Grubb

W. L. Grubb was happily puffing a very short cigar in front of Daddy Rutherford's cigar store. "Have a fresh cigar, Grubb," greeted the Register man. "No, thank you," said W. L., "I limit myself strictly to three cigars a day, and I don't want to be tempted by having one in my pocket." "But how am I going to make a living if you smoke only three cigars a day?" inquired Daddy Rutherford, with an injured air. "Well, now," said Grubb, "I made that resolution to limit myself to three a day as much in your interest as in mine. You see it's this way. I want to smoke as many cigars as I can before I pass on, for I'm not sure we'll have any cigars where I'm going. And my doctor and I have figured out that I can smoke more cigars in the long run by limiting myself to three a day than I can by smoking ten a day. See?"

## AFRICAN PRINCE WILL AID PEOPLE AT HOME

SANTA BARBARA, Cal., April 15.—Santa Barbara is to be the headquarters from which the light of learning is to be turned on the darkest parts of Africa.

That is the plan of Prince Kaba Rega, son of the chieftain of a Congo tribe, who has come to Los Angeles after himself securing an education partially in this country. Prince Kaba Rega has formed the African Interland Missionary Society, opened headquarters here and hopes to send an expedition by boat to sail up the rivers of the African West Coast and assist in educating the natives.

## DECLARES ARTESIAN WELL BILL OF VITAL INTEREST TO PEOPLE OF THE STATE

Harper, Cal., April 15, 1919.  
Editor Register: There are 5,000,000 people in California, each one of whom eats. Consequently each one is interested in the production of food. California is an arid country. Dry farming here is limited and hazardous. Water is king.

With irrigation, practically anything can be grown without limit and without risk. Our irrigation water depends largely on the underground flow. Gathered in the mountains and foothills from the winter rains this water percolates through the different strata to the lowlands. Along the beach there seems to be, most fortunately, an underground dike that bars it from the ocean. So these natural underground reservoirs become every winter saturated with water.

Wells drilled in these low spots flow over the top of the dike. Such wells we call artesian. A well tapping this water strata becomes a water through which the water escapes. The more wells drilled, the quicker is the volume depleted if the water is allowed to run unchecked.

To conserve the water, the wells are generally capped, as otherwise the surplus not used for irrigation would waste, flowing overland to the ocean. It is the rule that where any number of wells are allowed to remain open, wasting their water, any other wells in the same district will cease to flow except in winter weather.

All these statements are self-evident. A bill has been introduced at Sacramento making it obligatory that all artesian wells should be capped except at such times as the water is used for irrigation or domestic purposes. This bill is sponsored by the Farm Bureau for the benefit of the 5,000,000 inhabitants of the state. The bill is to conserve the water which ranchers must have to get good results in crop growing. There are 5,000,000 people interested in it. They are interested in regard to their wealth, their comfort, their health, their happiness and even, in extreme cases, their lives. It touches them all, in some cases very remotely and in others vitally.

The cry for more water, and yet again still more, is becoming insistently importunate.

Water is king. Why should it be wasted? Why? Because 1,000 men who are members of gun clubs would shoot ducks. One person out of every 5,000, wills that production should be curtailed, that many farmers shall not prosper, that all of the 5,000 people shall pay more for what they eat, that many shall not have enough and that some few shall perish from insufficient nutrition, in order that one person in this 5,000 group may shoot ducks. The question touches the 5,000 in their pockets, their appetites, their health, their comfort and their necessities. It touches the one person of the group in his pride and his sport—both questionable.

And yet our Representatives (?) at Sacramento have defeated this law. Why? Because two paid lobbyists (one a lawyer) have been kept at the state house all winter under the pay of this one man in every 5,000 in order to defeat the vital interests of the 5,000,000 people of the state.

The all-day meeting of the Missionary Society of the M. E. Church South, will be held tomorrow forenoon at 10 o'clock.

Sergt. Nelson Edgar was another of the boys home last Saturday evening. Mrs. Edgar went to the city to meet him after the parade, not expecting that he'd be able to get away. They missed each other in the crowd and when she returned he was waiting for her at home. He was here until Sunday morning and then rejoined his company.

Sergt. Edgar was about ten miles behind the lines most of the time and did not get into the trenches. He has some interesting stories to tell and as he was very fortunate when it came to getting "time out" he managed to travel to "all four corners and through the middle of France." He had his Christmas chicken dinner at Marcellus, but the only place that pleased him was Nice. He said it was just like California there—the ocean looked like Catalina and it didn't rain. As he is in the supply department, Sergt. Edgar will be one of the last to be released, but he expects to get his discharge the end of this week.

The missionary department of the Woman's Union of the Congregational Church will meet Wednesday afternoon at the home of Mrs. C. M. Rowland, 706 South Birch street. The hostess will be assisted by Mesdames W. F. Ducker, C. H. Chapman, A. E. Chapman, Mrs. A. Heals will conduct the devotional services and Mrs. L. L. West will review the first chapter of the new study book, "The Path of Labor." Miss Hargett will sing and the delegates to the Pasadena convention will tell some of the impressions gained at that great meeting. All the ladies are cordially invited.

The regular meeting of the Busy Bee Club was held at the home of Mrs. R. K. Torrens, 623 East Third street. The home was glowing with pink and white flowers and sweet peas, making a charming place for the guests to enjoy themselves. While the bees were busy with Red Cross knitting and fancy work, there was an abundance of buzzing also over current events. The buzzing stopped, however, when it was announced that they were to be favored with a piano duet by Mrs. A. B. Gardner and Mrs. G. Greer. Also two beautiful solos by Mrs. Chas. Johnson, a recitation by little Miss Ruth Gardner and a clever story of the Ginger-Bread-Man told by little Miss Helen Greer. At the close of the program, Mrs. Torrens served delicious refreshments, carrying out the color scheme of pink and white. The guests for the afternoon were Mrs. R. E. Wilkin and Miss Fanny Wilkin of Marissa, Ill., Mrs. Chas. Young of Monmouth, Ill., who are spending some time in Santa Ana and who are old-time neighbors and friends.

of Mrs. Torrens and family. Also Mrs. S. E. Greer and children of Denver, Colo., and Mrs. Dietrich of Kansas, who is visiting her mother. The club felt honored to have as guests people who represent so many eastern places.

The members and friends reported late, that they had had a most enjoyable afternoon.

The next meeting of the club will be held at the home of Mrs. C. G. White, 822 East Fourth street, May 15th.

The Junior Red Cross sewing classes of the Spurgeon school will meet tomorrow at 1:30. As this is the last quarter of sewing it is very urgent for everyone to attend. Sewing will be given to any that can send for it.

Echoes from the branch meeting held at Orange will be given at the Woman's Foreign Missionary meeting, Wednesday at 2:30 in the first Methodist Episcopal Church parlors. A good program has been prepared.

The Emma Sampson Chapter, U. D. C., met Saturday afternoon at the home of Mrs. H. W. Head. A large number of members and visitors were present.

A member of the Confederate Veterans gave a short but interesting talk. Mrs. Head served delicious refreshments assisted by her daughter, Mrs. Marv Johnson of Los Angeles, Mrs. Mott and Miss Percy Head. During the social hour Mrs. Montgomery read a very interesting poetical account of heroic Emma Sampson.

The Intermediate Sewing Teachers' Association will hold a meeting tomorrow afternoon at 3 o'clock in the auditorium of their school. Mrs. W. B. Tedford will give a short talk on after the war reconstruction. All interested parents and friends are cordially invited.

The Unitarian Woman's Alliance will hold an all-day meeting Wednesday at the church. Relief sewing will be the work for the day.

Baptist Women: There will be no meeting for Red Cross work on Wednesday.

There will be a meeting at the First Baptist Church on Friday at 2:30 for prayer for the Victory Drive that closes April 28th. In the meantime all women are urged to pray that the entire \$6,000,000 will be raised.

The Music Section of the Ebell met with Mrs. Theo. Winkler Monday, April 14th. Mrs. Campau had charge of the program. The subject for the afternoon was French music. The meeting was opened by Miss Dresser, who read an exceedingly interesting paper on French composers and their music. Mrs. Woodford sang three songs in French, "Le Mirroir" by Ferrar, "Romance" by Debussy, and "The Marriage of Roses" by Caesar Franck. This was followed by Mr. Gustlin, who played a group of Chaminade numbers and Mrs. Woodford sang again in French, "Louis" by Carpentier. The meeting closed by Miss Cornell who sang two songs, "Dreamworld" by Henri Dupart and "The Bells" by Debussy.

Miss Virginia Metzgar, who is attending the West Lake School for Girls, is spending the Easter vacation at her home on Spurgeon street.

"China, the Awakening Giant" will be the subject of a stereopticon address in the First Methodist Church this evening. The address will cover the making of the new Chinese republic, the historical development of this ancient people and their conceptions of democracy. It was in China where "rice throwing" at weddings came into practice. The lecture will explain its origin.

Very attractive services are planned for the observance of Passion Week at the First Congregational Church. The services will be held on three evenings only, Wednesday, Thursday and Friday. The hour of service will be 7:45 p. m. The program for the three evenings will be as follows:

Wednesday—Organ prelude by Mr. Clarence A. Gustlin; solo by Mrs. W. R. Coleman; address by Mr. Schrock, "His Last Parable."

Thursday—Organ prelude, Mr. Gustlin; solo, Mrs. F. W. Slabaugh; address, Mr. Schrock, "His Last Night."

Friday—Organ prelude, Mr. Gustlin; solo, Maurice Phillips; address, Mr. Schrock, "His Last Words."

The public is cordially invited to all of these services.

The Two-in-One class of the Methodist Church held its monthly social at the home of its teacher, Mr. B. Y. Neal, on West Hickey street.

After a business meeting the evening was spent in amusements, the feature of the evening being the box social. An auctioneer was elected and lively bidding took place, the funds, which were worthy of notice, going to the class.

It was decided to hold the May social at Orange County Park.

The many friends of Miss Ella Davis will be surprised to hear of her marriage to Chief Trumpeter Wilbur Stewart Derry of the United States Marine Corps, in San Diego Saturday afternoon, April 12, at four-thirty. The quiet ceremony was performed by Judge

of the Peace Jennings. Trumpeter Derry is the son of Mr. and Mrs. H. B. Derry of 3500 Fruit Blvd., El Paso, Texas, and has recently returned from four years' service in Hawaii. He expects to be discharged soon and with his bride will move to El Paso, where he will resume his trade of cement contractor.

Mrs. Derry was raised and educated in Santa Ana, where her unfailing happiness and vivacity won for her a large circle of friends who will be delighted to hear of her happiness and will extend to them both their best wishes and congratulations.

## PERSONALS

## JERNIGAN EXPRESSES THANKS

To the Voters of Santa Ana:  
I wish to express by deepest thanks and gratitude to the voters of Santa Ana who evidenced their approval of my administration by the hearty support given me yesterday in the city election.

I have at all times endeavored to give the city the best police protection possible under the limited force at my disposal and the vote of yesterday demonstrates that my efforts have been fairly successful and satisfying to the public.

It is my desire and purpose to cooperate with the citizens of every community in the enforcement of every ordinance on the books and would gladly and appreciatively accept suggestions from anyone having such to make.

SAM JERNIGAN.

## NEWS NOTES FROM BUSINESS COLLEGE

Judson P. Wilson and wife of Seattle, Wash., motored through Santa Ana yesterday on their annual pilgrimage to San Diego where they will occupy a cottage at Coronado Beach for a month. Mr. Wilson is proprietor of Wilson's Modern Business College of Seattle and paid a professional visit to J. W. McCormac, proprietor of the Orange County Business College, who was principal of Mr. Wilson's school before coming to California.

Claude Sebring, a former student of Orange County Business College, who was sent by the college management to a position with Senator Clark's bank at Clarksdale, Ark., where he worked until the country's call led him into the U. S. Navy, has returned to Santa Ana since his discharge from the service. Mr. Sebring begins an engagement today as posting machine operator for the First National Bank of Newport Beach. The position was secured for him by Mr. McCormac to the college.

Miss Pearl Lewis, whose home is in Central California and who has been pursuing a course in the Orange County Business College, took up her duties yesterday as stenographer in the office of the farm advisor for Orange county.

Miss Eva Culver, who was sent by the Orange County Business College after a course in that school, to take the place of an enlisted soldier as bookkeeper for the general merchandise store at Los Alamitos, has been relieved of her duties there by the return of the soldier boy and today began a position as bookkeeper for the Cherry Blossom of this city. The position was secured for her by J. W. McCormac, who always has places for students and graduates of his school.

## DALE APPRECIATIVE

To the voters of Santa Ana:  
I want to take this opportunity and method of expressing to my friends my sincere thanks for the splendid support given me yesterday. I feel the responsibility imposed on me and wish to assure one and all that I will endeavor to prove that their confidence was not misplaced. Particularly do I wish to express my appreciation to the loyal friends who took their hats and coats off and worked in my behalf.

## TWO BALL GAMES FOR POLY BOYS THIS WEEK

Although she defeated Whittier high last week and lost to Pasadena by a 10-9 score in a ten-inning fray, Santa Ana high school really opens the baseball season this week with two games scheduled.

The first league game will be played tomorrow afternoon with Anaheim at the fact that Marshall Burke, some Anaheim, and of course S. A. Poly ex-

pects to win.  
The second game will be played on Poly field Thursday afternoon, when Santa Ana meets Fullerton. Although this will be only a practice game, it will be an interesting one, for Fullerton has already started to boasting and the Santa Anas are planning to show 'em up.  
The Santa Ana boys have been showing up well, and are rejoicing over tomorrow afternoon with Anaheim at the fact that Marshall Burke, some Anaheim, and of course S. A. Poly ex-

### News Briefs of City and County

Mark C. Wilson of 1518 Durant street, "went over the top" Sunday afternoon. While riding his motorcycle north on Ross street, he collided at corner of Hickey street with an automobile occupied by Anaheim people. Wilson was thrown over the top of the machine. His hip was sprained and he received numerous bruises when he landed upon the pavement.

Major B. M. Wellington, who is as-

sociated with Clyde Bishop in law practice, and who saw service in the American service overseas, addressed the third, fourth and fifth grade pupils at the Spurgeon school this afternoon on the importance of the Victory Loan.

Robert Jerers, a roomer at a local rooming house, has reported the theft of a gold watch and leather fob from his room yesterday.

City Marshal Jernigan has received a card from Sheriff J. H. Barnett of Madera, asking him to apprehend A. L. Read if he comes this way. Read is the man who was here as advance agent for the "Human Fly" who scaled the side of the Spurgeon building a few weeks ago. The card says that Read is traveling in a Michigan roadster.

Clinton D. Warner of Los Angeles has purchased the 5-acre tract owned by John Krall, near the Huntington Beach sugar factory, Krall moving to Los Angeles. Warner is making arrangements to improve the place by constructing a 5-room house for his home. The tract has been set to trees of various kinds, about 300 in all, and there are also a fine lot of strawberry plants. Mr. Warner was formerly in the marine engineering business in San Pedro.

### LAUNDRY FIGHT IS TAKEN INTO COURT

Anaheim Company Says Former Employee Is Taking Its Business Away

The intrusion of the Model Laundry Co. of Santa Ana into territory hitherto covered by the Anaheim Laundry Co. is resented most decidedly by the Anaheim company, which today brought an injunction action against the Model Laundry and against one of its employees, J. L. Adkins, formerly a driver for the Anaheim company. The complaint, filed by Los Angeles attorneys, alleges that Adkins is using his knowledge of the Mother Colony company's business and his acquaintanceship made while an employee of that company to secure business for his new employer, the Model Laundry Co.

Anaheim has a high protective license system that is declared to have shut out most all of the outside companies that, before the high license was imposed, had agencies at Anaheim. The Anaheim Laundry Co. seems to have had a monopoly, or very near it. The complaint, however, makes no mention of that situation.

Adkins in making arrangements to become the agent of the Santa Ana company figured that he could afford to pay the high license, for he, being a local man and well liked, could secure enough business to make the business pay. The Anaheim firm in its complaint alleges that a route formerly covered by Adkins brought the Anaheim company \$400 a week in business. Adkins has been with the Model company for three weeks, and the Anaheim company is asking for \$750 damages alleged to have already been done to the company. An order of court permanently restraining Adkins from soliciting for business among any of those people who were his customers while he was employed by the Anaheim Laundry Co. is sought.

### Life of Officer Risked In Chase After a Speeder

Motorcycle Officer O. K. Carr risked his life in a chase after a motorcycle rider on Sunday. Over the crowded highway for five miles, the officer followed the rider, and finally caught him. Today Carr swore to a complaint charging the motorcyclist, E. V. Espinoza, 1139 West First street, with speeding at the rate of sixty-five miles an hour.

"It was the most dangerous ride I ever took," said Carr. "The man went by going south at high speed. He was half a mile away before I having a standing start, got under way. He knew I was coming, and he got down on his hands and went to it. The highway was crowded with machines going to the hill climb. Once on a turn I met a Ford that was too far over on its left side, and my handbars went over the fenders."

Espinoza is cited to appear before Justice Cox on Wednesday of next week.

Ballard had a ride equally as dangerous though not as long in a chase for a Los Angeles motorcycle rider, who got around a corner and hid behind a sign board, where Ballard found him.

### Arrest Mexicans Upon a Charge of Stealing Chickens

Chicken, dressed, cut up and in a dishpan, and a trail of feathers are the main items of evidence that caused Under Sheriff Iman and Deputy Sheriff Wray to arrest two Mexicans, Anizeto Carranza and his 13-year-old brother-in-law, Louis Acosta, and take them to jail. They are charged with stealing four hens from Joseph Gates of 925 Cypress street.

The hens disappeared last night. Iman and Wray followed the trail from the rear of the Cypress street lot over to Orange avenue and south on Orange avenue two blocks, where the trail turned west across a barley field right up to the door of the Carranza home. Iman says that there was no question about the trail, for it was made plain by feathers.

Inside the house the officers found a dishpan with chicken galore all ready for the pot.

But there wasn't a feather to be found. If those chickens whose remains were in that dishpan ever were feathers, visible proof of that fact was lacking. Iman's theory was that the feathers were burned or buried.

Since Louis was only 13 years old, he was sent to the detention home. He declared he knew nothing about the chickens, that when he awakened this morning they were there. Carranza pleaded not guilty, and will be tried by Justice Cox tomorrow afternoon at 2 o'clock. He made no statement.

### GUILTY, ALLING IS SENTENCED TO JAIL

Man Charged With Driving Auto While Intoxicated Gets Ten Days

This morning Justice Cox sentenced Earl Alling of San Pedro to ten days in jail. Sentence was passed after Alling had pleaded guilty to driving an automobile while intoxicated. He was arrested Sunday evening.

When Alling was brought into court he made no effort at defense. In sentencing him, the justice pointed out that in driving while intoxicated Alling took a chance on committing a felony.

"Had you had an accident and injured anyone, you would be up against a much more serious charge than you now face," said Cox.

### GIRLS! HAVE WAVY, THICK, GLOSSY HAIR FREE FROM DANDRUFF

Save Your Hair! Double Its Beauty in a Few Moments—Try This!

If you care for heavy hair, that glitters with beauty and is radiant with life; has an incomparable softness and is fluffy and lustrous, try Danderine.

Just one application doubles the beauty of your hair, besides it immediately dissolves every particle of dandruff; you cannot have nice, heavy, healthy hair if you have dandruff. This destructive scourge robs the hair of its lustre, its strength and its very life, and if not overcome it produces a feverishness and itching of the scalp; the hair roots famish, loosen and die; then the hair falls out fast.

If your hair has been neglected and is thin, faded, dry, scraggy or too oily, get a small bottle of Knowlton's Danderine at any drug store or toilet counter, for a few cents; apply a little as directed and ten minutes after you will say this was the best investment you ever made.

We sincerely believe, regardless of everything else advertised, that if you desire soft, lustrous, beautiful hair and lots of it—no dandruff—no itching scalp and no more falling hair—you must use Knowlton's Danderine. If eventually—why not now?

## COUNCIL SWEPT CLEAN IN WARD CONTESTS.

**MAYOR A. J. VISEL,  
GEORGE M'PHEE  
O. H. MARYATT  
MEET DEFEAT**

**Voters Call For Change In  
Administration By Very  
Decisive Majorities**

**NEW CITY OFFICIALS**  
Trustee, First Ward—John G. Mitchell.  
Trustee, Second Ward—John W. Tubbs.  
Trustee, Third Ward—C. H. Chapman.  
Trustee, Fourth Ward—H. H. Dale.  
Trustee, Fifth Ward—W. A. Greenleaf.  
City Marshal—Sam Jernigan.  
City Clerk—E. L. Vegely.  
City Attorney—G. H. Scott.  
City Recorder—W. F. Heathman.  
City Treasurer—Mrs. Olive Lopez.  
Members Board of Education—F. L. Andrews, H. C. Dawes, A. B. Gardner, J. L. McBride, J. Dick Wilson.

It wasn't a landslide—it was an avalanche—the city election yesterday, and three of the old members of the council were buried deep beneath the flood of ballots deposited by the voters of the city who were out in 50 per cent strength to express their preference for men to head the city government for the next four years. There were many surprises.

The overwhelming defeat of George McPhee in the Fourth ward and the large majority vote of City Marshal Sam Jernigan were two of them.

John G. Mitchell, who has been a resident of the city for the past five years, proved himself to be a campaigner and defeated "Daddy" Visel by 1492 votes, and he will represent the First ward in the next council.

H. H. Dale, of H. H. Dale and Company, former president of the Merchants and Manufacturers' Association, is the man who walked away with McPhee's position in the council as representative of the Fourth ward. This was the closest contest in the fight for city councilmen and Dale led by 354 votes.

C. H. Chapman, well known lumberman and former director of the Merchants and Manufacturers' Association, succeeds to the seat of O. H. Maryatt, veteran of many battles in the Civil war and a county politician, his county politics having been done in his place of residence before coming to Santa Ana. Chapman's majority was 1224.

**City Attorney Fight**  
The real contest and fight of the election, as it developed, was for city attorney, with two veteran campaigners opposing each other. Both men know today that they were in a fight and City Attorney Scott will draw the increased salary provided by the board for the next four years. He won by 83 votes.

The contest for the Board of Education was a walk-away for the old members of the board and A. B. Gardner. These five men were supported and recognized as the church ticket, and their vote averaged about two to one against the three men who did not receive the support of the churches. The board is F. L. Andrews, H. C. Dawes, J. L. McBride, J. Dick Wilson, incumbents, and A. B. Gardner.

City Marshal Jernigan started the day with every confidence, and was backed by a crew of hard workers. Indications prior to the day of the election were that this was going to be a hard fight, but it developed into a walk-over for Jernigan. His total was 358 more than the combined vote of his opponents.

**Approved by Church**  
S. A. Clark was supposed to have had the backing of the church element of the city. While not officially endorsed, he was approved by church workers in attendance at conferences held last week and the word was passed out that he was the logical candidate. Jernigan's administration of the police department evidently has given entire satisfaction, and approval by the voters is a source of satisfaction by the marshal. Jernigan's total was 1885, Clark's 1032 and Pond's 495.

High score of the day was made by City Clerk Vegely, who received 2863. He had no opposition. Col. W. F. Heathman, city recorder, was next, with 2818. J. W. Tubbs was third, with 2811.

### NEW CAPITAL IS PUT INTO OIL DEVELOPMENT

**Resume Quest on Thos. Strain  
Ranch, Gold Seal Again  
Busy; Industry Booms**

**Brea Progress:** Never before in the history of the oil industry of Southern California has there been as much substantial activity as now. During the past two weeks more than half a million dollars of new capital has been put into petroleum industry and wherever there are any signs of oil or indications that warrant an expenditure of capital no trouble is experienced in getting the money for development work. The resumption of drilling by two oil companies that have not been doing any development work for the past two years, the commencement of drilling on three new wells and the location of five new wells are a few of the factors that give the oil industry of Southern California a healthy tone and a bright future. The southern field now shows 103 wells, 13 new rigs up and completions are being made at the rate of three a week. The field now has over 800 wells producing and the daily output is running close to seventy-five thousand barrels.

**Strain Resumes Development**  
After allowing his well to stand idle for a period of two years, Thos. Strain has resumed his quest for oil on his orange ranch near Placentia. Mr. Strain commenced drilling seven years ago and has worked off and on at his wells up to a couple of years ago, when all work was suspended and the old gentleman took a trip over to his old home on the Emerald Isle. The Strain well No. 1 was drilled six years ago to a depth of 1700 feet, a bad fishing job developed and the rig moved over and the drilling of No. 2 started. After about six years the hole got down to 4200, where bottom water developed, preventing the well from producing much oil. The work now will be the installation of a string of 4 1/2 inch pipe and an attempt made to shut off this water, drill on and tear out the well thoroughly. It is believed that the coming in of the big Chapman well had something to do with Mr. Strain's resumption of work on the well that has already cost him a hundred thousand dollars.

**Gold Seal Starts Up**  
The Gold Seal Oil Company, drilling a wild cat well in the Little Brea Canyon, ran out of funds a year ago, but the new oil excitement in the neighboring field seems to have stimulated interest in the old well and now it is understood that the concern is plentifully supplied with the coin of the realm and is now getting rigged up to start drilling. The well was closed down soon after the discontinuance of the drilling of the Copa De Oro. The Gold Seal had previously made 2000 feet of hole and had a number of very encouraging showings of oil in the shallow hole.

### ROBBINS TAKEN OFF CONFERENCE PROGRAM

**SAN JOSE, April 15.**—Raymond Robbins has been withdrawn from the program of the California State Conference of Social Agencies to meet her April 22.

Robbins, who represented the Red Cross in Russia, was withdrawn from the convention by the Red Cross. Following his return from Russia, Robbins' name was coined with the Bolsheviks in several instances.

### 16 SUB CHASERS TO REMAIN IN PACIFIC

**SAN DIEGO, April 15.**—A fleet of sixteen submarine chasers has arrived here under the convoy of the naval collier Brutus and the tug Snubomish from Pichilimque, to be stationed in the Pacific. The entire fleet has been service in the Azores and in the North and South Atlantic during the war.

All the chasers will be stationed in the Pacific. Five will be assigned to the Twelfth Naval District, with bases at San Diego and San Francisco. Others of the fleet will be sent to Seattle and Portland for the Thirteenth district. Nine other chasers, en route here from New York, will be ordered to the Hawaiian and Samoan Islands. The chasers and the commanders that arrived here are: No. 273, Ensign J. G. Hauerwass; No. 275, Lieutenant K. VanPelt; No. 276, Ensign J. P. Glidden; No. 277, Lieutenant E. D. Pittman; No. 278, Ensign R. B. Grotamat; No. 288, Ensign T. Watteland; No. 289, Ensign D. E. Foraker; No. 291, Ensign C. A. Burwell; No. 292, Ensign H. R. May; No. 294, Ensign Roy Howard; No. 295, Ensign H. C. Getman; No. 296, Ensign G. A. Miller; No. 297, Ensign E. V. Sprott; No. 298, Ensign R. M. Eschen; No. 299, Ensign William Luther; No. 301, J. Goldberg.

### NEW OFFICERS FOR ELKS LODGE, ANAHEIM

**ANAHEIM, April 15.**—At one of its most successful meetings, Anaheim lodge of Elks installed newly elected officers.

Past District Deputy Grand Exalted Ruler H. W. Brown of Santa Monica had charge of the installation ceremonies and was ably supported by past grand exalted rulers from other lodges.

The following were installed as officers for the next year: Exalted Ruler, Thomas McFadden; Esteemed Leading Knight, H. E. W. Barnes, Jr.; Esteemed Loyal Knight, J. A. Fay; Esteemed Lecturing Knight, J. Leslie Swope; secretary, M. C. Goff; treasurer, F. B. Backs; Tyler, M. B. Tombin; trustees, H. W. Martenet, William Schumacher and D. Jessurun.

The following are the Anaheim men recently made Elks by initiation: G. W. Closson, William H. Houts, M. W. Martenet, Jr., J. F. Ahlborn, C. R. Prince, H. L. Seares, D. J. O'Connor, J. W. Wallop, E. H. Heying, F. G. Maurer.

### U. S. TAX OFFICE TO BE OPEN IN COURTHOUSE TWO WEEKS

**Deputy Collector Elmer B. Burns Will Aid Orange County Taxpayers**

Deputy Collector Elmer B. Burns, a representative of the office of John P. Carter, collector of internal revenue for the Sixth District of California, will have an office in Santa Ana for a period of two weeks. Collector Carter has sent his deputies to the various county seats for the purpose of assisting taxpayers in any matters relating to internal revenue laws about which they are in doubt.

Special attention is directed to that part of the law that specifically requires each and every individual or corporation to file reports of information on forms No. 1096 and No. 1099, giving the name and address of every employee to whom a total of \$1000 or more of salary or wages was paid during the taxable year.

The services of Deputy Burns will be available at the county seat to the tax payers during usual office hours and he will be located in the west basement room of the courthouse. The phone number is 520.

No fee is required to be paid to the deputy for the services above stated and Collector Carter sincerely hopes that the taxpayers will avail themselves of this service, in order to be assured that they have taken the proper course relating to their income returns, for it is the policy of the office of this district to prevent rather than inflict penalties.

### FAVOR OLD SITE FOR NEW OLIVE SCHOOL HOUSE

**Packing Houses Open For  
Valencias; Cabbage Being  
Shipped; Improvements**

**OLIVE, April 15.**—A meeting of the directors of the Olive Improvement League was held Friday evening at the home of the president, Dr. J. D. Thomas. The principal subject of discussion was the site for the new school house and the improvement and beautifying of same. Favor seems to rest on the present school site, as preferable for the new building and the intention is to spend \$3000 in grading and other improvements.

Mr. and Mrs. M. D. Payan and little son, Virgil, Miss Eulalie Payan, Rover Payan and Miss Dora Lewis spent Sunday in Los Angeles, the guests of Mr. and Mrs. J. G. Allen, who were formerly residents of Olive.

Mr. and Mrs. Roy Cole of Los Angeles were guests of Mr. and Mrs. B. H. Cole from Thursday to Sunday. Mr. and Mrs. B. H. Cole accompanied their guests home Sunday, returning in the evening.

Miss Katherine Huff of Orange was guest of Mrs. E. B. McCoy Saturday night and Sunday.

Miss Anna Hilk returned Saturday from a visit of several days with friends in Los Angeles.

Mrs. L. V. Lawson was guest of friends in Los Angeles Saturday and Sunday.

### Packing Houses Busy

The Olive Heights Citrus Association opened Monday morning for the Valencia season. Miss Winifred Bastian, bookkeeper, has taken up her residence in Olive to be near her work. She is stopping with Mrs. S. E. Merchant.

The Olive Hillside Groves, Inc., have also opened for Valencia shipping, and with the California Vegetable Union and the T. H. Peppers Company shipping cabbage, Olive has a very businesslike look these days.

The Santa Fe has given a new coat of paint to all its buildings, in keeping with the other improvements, and when the new school house graces the hill, Olive may well be proud of herself. One new thing always calls for another to be in keeping. Let the good work go on.

### ADVANCE BEAN PRICE TO 7.25 CENTS POUND

**OXNARD, April 15.**—Lima beans were advanced to \$7.25 from the last quotation of \$6.75, making an increase of 50 cents per hundred. This price is limited to 100 carloads and is for May delivery. This action was taken at a meeting of the nine members of the executive committee of the California Bean Growers' Association and followed the action taken one week ago when the committee confirmed the sale of 193 carloads of lima beans and eleven carloads of Henderson Bush limas and then withdrew quotations on limas.

That there will be no difficulty in disposing of this 100 carloads of limas during the next week is the confident feeling of the directors. If this amount should be sold there would be less than one-half of the original quantity, which was more than 600,000 bags, in the pool left by the time of the next meeting. The price on Henderson Bush limas has been left at \$6.75.

### FULLERTON MEN OFF ON FISHING TRIP

**FULLERTON, April 15.**—E. K. Beuchley and G. W. Finch of this city and Arthur Edwards of Placentia, left today for Santa Barbara and Ventura counties after trout. Mr. Finch will chaperone the party.

### RAINBOW DIVISION TO PARADE AT CAPITAL

**BREST, April 15.**—The entire Rainbow division will parade in Washington, it was announced here today. Embarkation of the division for home is progressing. The 149th Field Artillery is loading its equipment. The Leviathan, which arrived here with Secretary Baker yesterday, will sail for New York with part of the Rainbow Division Thursday.

## SUCCESSFUL IS MAYOR A. J. VISEL. CONGRESS OF MOTHERS

### Practically Every School In Fourth District Represented at Grove Meeting

The all-day convention held by the Fourth District California Congress of Mothers at Garden Grove Saturday, fulfilled all possible expectations as to pleasing interest and profit.

The meeting was held in the schoolhouse, the auditorium of which was made very beautiful with ferns, golden poppies and feathery bridal wreath. The meeting was called to order at 9:30 with the president, Mrs. G. H. Goodale, and secretary, Mrs. Van der Veer, at the desk. Delegates were present representing practically every school in the district.

Devotionals were led by Rev. W. O. Reinius, pastor of the Methodist church of Garden Grove, and these were followed by the salute to the flag.

Greetings of welcome to members of the Fourth District were extended in a most pleasing manner by Mrs. H. A. Lake of Garden Grove and Mrs. W. F. Tedford of Santa Ana in her usual splendid manner, responded.

Reports of officers, department chairmen and presidents of associations were listened to with much interest.

Facts and figures quoted by Mrs. A. Osborne of Fullerton, chairman of the War Service committee, showed how every association had been and how much was accomplished in spite of the influenza situation.

Mrs. W. B. Tedford of Santa Ana gave an exceptionally fine report of the Juvenile court and its attendant work.

The philanthropy committee with Mrs. C. C. Violett of Garden Grove as chairman, had a very good report and told of new work being now taken up in furnishing a room at the county hospital, where worthy cases can be cared for under auspices of Congress of Mothers and Parent-Teacher Associations.

This matter is well under way and will be pushed right along and Mrs. Violett wishes to remind each and every association in the district to be prepared and ready to help in this work—one of the great works for good of the Mothers' Congress.

The reports of each president of the district were very interesting and inspiring, each holding good suggestions for others.

### The Work in Brea

Mrs. Pickering, president of the Brea association, showed a wonderful work being done there. Under the P-T-A, a study club has been formed which meets every week for an all-day meeting in the schoolhouse, where good speakers are present and deep subjects are discussed. They also have taken up the civic work of their town and the district is watching Brea with interest.

Adjournment was taken for the noon hour when below stairs were found snowy tables fairly groaning beneath their weight of good things to eat and most beautiful of golden poppies and snowy bridal wreath.

Directly following luncheon the executive board was called in session at which time a motion was passed to again send the president of the district, Mrs. Goodale, to the state convention of Mothers' Congress which convenes in Santa Cruz the last of May.

### Boast County Free Library

Also a special meeting of the executive board is to be held in Santa Ana at Intermediate school the second Saturday of May to formulate definite plans to co-operate in furthering the free county library in Orange county, plans for which are well now under way.

At 1:30 all again adjourned to the auditorium where a most pleasing program was presented, furnished by the hostess association, as follows: Girls' chorus, singing, "America for Me"; reading, Boys' History Lesson, 1492, Master Clyde Collins; vocal solo, Miss Cole; piano solo, Miss Jessup. The convention was honored with the privilege of having the state president, Dr. Jesse Russell, present, who gave a most interesting talk on the general as well as legislative work of the state congress, and was thoroughly enjoyed.

**Tells of Canadian Work**  
Mrs. Hector Prenter of Toronto, Canada, was introduced and held her audience in spell-bound attention for 45 minutes. She is a little woman of exceptionally pleasing personality and being one so deeply interested in the co-operative work of home and school in Canada, had many messages, and helpful suggestions for the district.

In Canada, the work is designated as "Home and School Council." A few excerpts from her talk follow:

"The public school is the stepping stone of life.

"Teach citizenship—make the city fit for the child.

"Develop in the child the power and ability to think and search within and find his own soul.

"Fear not to ask your legislative bodies for money for this greatest of all constructive work, the formulating of human character."

**Junior Work Wonderful**  
Miss Hazel Bemis of Santa Ana gave a wonderful report of the Junior Red Cross work done during the year, the figures reaching amazing proportions.

The district is most certainly blessed to have a little lady so full of intense interest and enthusiasm at the head of its Junior work and we are justly proud of the result of her untiring efforts.

**New Officers Elected**  
The election of officers resulted in selection of the following, the selection of a new president and twenty-nine vice presidents to be made later:

First Vice President, Mrs. A. Osborne, Fullerton.  
Third Vice President, Mrs. Manter,

### Decisive Majorities Call For Change in the City Administration

(CONTINUED FROM PAGE SEVEN)

city. Mitchell is an insurance man, Greenleaf is a farmer, with large business property interests in the city and ranch interests outside.

The official canvass of the returns will be made next Monday night by the old board, following which it will make final adjournment and the new members take their seats.

**Who'll Be Mayor?**  
Now that it is known who will compose the new Board of City Trustees, the next question is: "Who'll be mayor?"

If there is any line-up on that appointment of the board, it has been successfully concealed.

In the city government of Santa Ana, there is no such title as "mayor," excepting as that title is used by common consent. The man who ranks as mayor, and is so called, is officially president of the board of city trustees, and is elected by the board itself from its membership.

There is a general feeling that the presidency will go either to Mitchell or Tabbs. There is a story going the rounds to the effect that Chapman, Greenleaf and Dale have entered into a tacit agreement to give the position to Mitchell. No one was willing to be quoted as to the authenticity of the report, and it may be wide of the mark.

The new board will have a number of other appointments to make, and since three of the new board will sit upon the city council for the first time, there is a good deal of interest in official circles as to what changes, if any, will be made.

Among the more important appointments to be made are those of street superintendent, water and sewer superintendent, engineer and the board of health.

**Other Appointments**  
Street Superintendent O'Brien, who was appointed four years ago from a field of sixteen applicants, will seek re-appointment.

A. D. Swartzel and Stuker are mentioned as also looking for favorable action. Water Superintendent Wray has no opponent for re-appointment, at least none who has made his aspirations along that line known.

The city has not had an engineer for several months. S. H. Finley has been employed from time to time and has been paid by the job. Whether or not the new board will continue that arrangement remains to be seen.

There are five members of the board of health to be appointed. By a matter of agreement and courtesy, it has been the practice for some time past for each city trustee to select one member of the board of health for appointment, and the five so selected are appointed by the board of city trustees as a whole. The board of health appoints the city health officer, which position for years has been held by Dr. J. I. Clark. Presumably, Dr. Clark will again seek re-appointment.

There is not likely to be any change made in the fire department. While the fire department chief and firemen are subject to appointment and dismissal by the city trustees, the city trustees as a rule have accepted the recommendations of the volunteer fire department, an organized body.

The new board will have the appointment of all city policemen at its disposal, as well as a number of assistants in various city departments. How many changes, if any, will be made cannot be determined at this time.

### Company L May Not Be Released Before Thursday This Week

Orange county boys of the 160th as well as other members of the regiment had the time of their lives in Los Angeles, where the whole of the Southland, apparently, turned out to honor them Saturday.

The local men are in good health and are delighted to again be in the vicinity of their home cities, with indications of being relieved and returned home within the next two or three days.

The troops went down to Camp Kearny Saturday night. Arrangements for giving the boys a dinner here are a little indefinite as to date. Col. Hutchins stated in Los Angeles Saturday that he thought it would be impossible to muster the men out before next Thursday. The dinner here has been tentatively arranged for Wednesday. It may be necessary to delay it a day or so unless permission for the men to come here in a body before receiving their discharge can be secured.

An Easter basket filled with candy eggs and chicks will please the children for Easter. Get yours early at the Dragon.

**Historian.** Mrs. John Reid, Brea.

**Parliamentarian.** Mrs. John Clarkson, Santa Ana.

The convention was honored by the attendance of several distinguished officers, who most graciously responded with words of greeting and remark on the fine work the Fourth District Congress of Mothers is doing.

The ladies mentioned were Mrs. C. C. Noble, state and national chairman of membership; Mrs. Charles Gray, president Los Angeles Federation; Mrs. L. W. Edger, chairman of Los Angeles council of presidents.

## ANNIVERSARY IS CELEBRATED BY B. Y. P. U.

### Juniors at Garden Grove Have Birthday Cake and Special Exercises

GARDEN GROVE, April 15.—The B. Y. P. U. motored to Fullerton Sunday evening and surprised the same society of the Baptist church there and enjoyed evening services.

The Junior B. Y. P. U. celebrated its fourth anniversary Sunday afternoon. A pleasing feature was a large birthday cake presented by Mrs. C. G. Oertley and Mrs. J. G. Allen.

The cake was studded with tiny candles and as each junior member gave a toast a candle was lighted. A letter was read from Rev. W. A. Thomas of Escondido, former pastor and organizer. Also letters from other former members and presidents were read.

Professor and Mrs. S. R. Fitz went to Redlands Saturday to join a house party at the home of Mrs. Gladys Petter, former member of the grammar school faculty.

Wayne Holt returned home from overseas duty.

Sam Gibson of Taft was an over-Sunday guest of friends near town.

Mr. and Mrs. G. W. Rolfe and granddaughter, Miss Reeks, of Anaheim, and grandson, Elbert Ford, of Oakland, motored to San Gabriel Friday, where they witnessed the Mission play. They report a crowded house.

Mr. and Mrs. J. U. Kerner were Friday guests of friends in Los Angeles.

The Garden Grove Citrus Association began picking oranges Monday and expects to begin packing today or tomorrow.

Palm Sunday was fittingly observed at the Methodist church.

Jack Jentges and son Tommy and T. C. Natland went to Santa Barbara fishing Saturday, returning Sunday.

Mrs. J. D. Price returned Saturday from a visit to Homer with her son, Dr. Charles Price, who was up looking after his farming interests.

## NOW MEMBERS OF BAND FEDERATION

HUNTINGTON BEACH, April 15.—The Huntington Beach Municipal Band has joined the Federation of Musicians and the local branch will be known in the future as No. 712. The organization received its charter Saturday, which dates back to September 7, 1917, with the following charter members: A. W. Morehouse, George P. Fowler, C. E. Kutzner, Carlos Rigdon, Victor Creamer, George Foltz and Clinton Creamer.

H. B. Washburn and family, who recently located at 322 Ninth street, have moved to Los Angeles.

**Cantatas Sunday Evening**  
The choir of the Methodist church under the leadership of Ralph C. Turner will give a cantata Sunday evening next. The Sunday school orchestra of twelve pieces will assist with the program. Mrs. F. K. Smith will accompany at the piano, and J. K. McDonald at the organ. The cantata is entitled, "The Resurrection Morn."

The Christian church will also give a cantata, "The Crucifixion and Ascension," under the direction of Will H. Gallienne, Sunday evening.

The W. C. T. U. will hold a social meeting at the home of Mrs. Cline Friday evening.

Mr. and Mrs. T. R. Canady went to Fallbrook Saturday to visit with Mr. Canady's daughter, returning home Monday.

Arthur W. Copeland, brother of Louis A. Copeland, who has been spending a portion of the winter in Southern California, returned to Chicago last week, going by way of San Francisco. Mr. Copeland was very much pleased with this county and will make it his home in the near future.

Mrs. Parker Deer and her son, J. A. Deer, with a friend, Miss Florence Thompson of Alhambra, came down Saturday to their cottage on Eighth street and remained till Monday. Her husband, Parker Deer, had the misfortune a short time since to break one of his legs and so could not come at this time, but was very anxious to know how the fishing was at the municipal pier where he spends much of his time while here. He expects to be able to come down about May 1.

W. A. Johnson has been improving the looks of his Main street building with a fresh coat of paint. W. R. Higgins has been doing the work.

A. B. Paul, quartermaster of the Southern California Veterans' Association, was over from Santa Ana Sunday.

C. J. Porter, who moved to Inyo county in March, came down Saturday after Mrs. Porter, who has been staying here till he got settled on the ranch and ready for her. He has given his house up and after a week's stay will return to their future home.

B. E. Whitmore and wife of Long Beach were the guests of Mr. and Mrs. L. M. Lindsey Sunday. He is a cousin of Mr. Lindsey and is planning a trip by auto to Oregon and wanted Mr. Lindsey to go with him.

**Operetta by High School**  
The music classes of the high school will give an operetta at the high school auditorium May 16. This is the home talent number of the lecture course which had been planned for May 9. Miss Douthitt has charge.

Winniford A. King, president and general manager of the Mercantile Credit Men's Association of Los Angeles, with his wife, spent the day Saturday fishing on the municipal pier.

Bring the children to the Dragon and let them pick out a cream Easter egg. We'll put their names on the egg in candy scroll work.

## Beautiful Costumes To Feature "Tempest and Sunshine," Clune's

Some very unique and beautiful costumes will be seen in "Tempest and Sunshine," a dramatization of Mary J. Holmes' popular novel of the same name, the next offering of the Frederick Harrington Players at the Clune theater, Friday and Saturday, April 18 and 19.

The scene of the play is near Frankfort, Kentucky, and the time is 1860, when the women wore the wide, much-buffed skirts, and the men the velvet collars, ruffled shirts and tight trousers of ante-bellum days. Additional interest is attached to this production by a dress and a wedding veil, worn by Miss Augusta Reed, as "Tem-

pest," that has been in her family for five generations. Miss Betty Oliver, who plays the part of "Sunshine," also wears some very bewitching costumes, and all the gentlemen of the company are very careful that their clothes are the last minute in style—of 1860.

As to the play, almost everyone has read Mrs. Holmes' delightful story—the story of the two sisters, so different in appearance and disposition; the one, blonde, radiating laughter, happiness and sunshine; the other dark, with a hasty, ungovernable temper and an insane jealousy of her sister who has won the love of the man she wants for herself. How she almost succeeds in her plot to bring discredit upon "Sunshine," and how the marriage which means the culmination of her hopes, is interrupted at the last minute; how her sister is vindicated and the lovers reunited, forms a very interesting play.

## Build Now High Rents CANNOT COME DOWN!

Ninety-one of the largest cities of the nation face a demand for homes in excess of the supply—even though the masses are still observing war-time economy by occupying the most modest quarters possible.

## Rents Are Up 25 to 50 Per Cent.

With the nation already over three billions of dollars behind in its normal building schedule and steadily falling further behind every day that new construction is held back, it will be many years before the housing situation in the United States can return even to normal. With the nation's population steadily growing, it may be many more years before an excess, above normal demand, will be reached.

## Rents Rise and Fall With "Supply and Demand"

It is doubtful, therefore, whether rents ever will return to old levels.

## Every Dollar for High Rent is Big WASTE or Big PROFIT

Whether built to live in or for others to live in, high rents are a strong argument for building NOW.

# BUILD NOW!

Prices of Lumber are Relatively Less Than They Were Before the War.

Less Than 30% Average Advance and Leaving Out Redwood, Only 23% Advance Over Pre-War Prices.

All of us have heard many times during the past few months that building materials are too high to build now. For this reason, the Register has made a careful investigation of the records and compared the prices of all kinds of lumber building materials that prevailed in April, 1914, with the present quotations:

WE WERE GIVEN A BIG SURPRISE WHEN WE DISCOVERED THAT THE PRESENT PRICES OVER PRE-WAR QUOTATIONS AVERAGED LESS THAN THIRTY PER CENT ADVANCE.

This seems incredible. Even lumber dealers, building contractors and others interested in the building campaign, in discussing the matter, could hardly believe that the advance over pre-war prices was no more than thirty per cent. It took some effort to "dig up" the prices charged for lumber materials of five years ago for comparison with present quotations, but the task was done to satisfy prospective "Own Your Own Home" builders and also to put a quietus on

"knockers." Here are the figures: Clear Siding advanced 16 per cent. Shingles advanced 11 per cent. Moulding advanced 33 1-3 per cent. Finish lumber advanced 16 per cent. Pine advanced 40 per cent.

The advance on Redwood is not given, for the reason that it makes up only about 10 per cent of the lumber used in building construction in this part of the country, while pine is in strong demand and makes up about 90 per cent of the lumber used in the erection of new buildings.

In figuring the average percentage of advance in present quotations, as compared with pre-war prices, we included redwood, clear and commercial, which ran the advance up to nearly 30 per cent, but leaving redwood out, THE AVERAGE ADVANCE WOULD BE CUT TO TWENTY-THREE PER CENT.

So Prof. Irving Fisher, the noted economist, put it right when he said "to talk reverently of 1913-1914 prices is to speak a dead language today." Not only because those prices will never come again (which is what Prof. Fisher meant) but because, so far as building materials are concerned, the present prices are, (in proportion to the prices of other commodities) not only not higher BUT ACTUALLY LOWER THAN PRE-WAR PRICES.

The following progressive firms and individuals are cooperating with the "Register" to present this bi-monthly civic betterment campaign to the readers—This is their recommendation to you to Build a Home—

Jimmy Wilde, the British fly-weight champion, who has signed a contract with C. B. Cochran to fight Pal Moore or Peter Herman, of the United States, for the bantam-weight championship of the world and a purse of \$25,000, is one of the cleverest little fellows in the world with his "dooks," as they say in England.

Last summer I saw Wilde in action several times. I first watched him at some Anglo-American army and navy exhibition bouts at the National Sporting Club, London. Later I came across him boxing for the Tommies at Grandvillers behind the British lines in France. Jimmy was too small to get into the army. You could put him into a trench helmet.

What first struck me about Wilde was his apparently frail physique. He almost looks consumptive. But to gaze on those spindle shanks of his and bony arms when he is once wound up and going makes one as dizzy as looking at a couple of aeroplane propellers does.

New York fans are not surprised to now learn that London sporting writers disagree with the decision which the other night gave Wilde the stake and a purse amounting to \$12,000 in his 15-round go with Joe Lynch of America at the National Sporting Club. Lynch has too many natural advantages to take a beating from the

**Resta To Defend His Title As Champion In Liberty Contest**

INDIANAPOLIS, April 15.—Dario Resta, owner of the only championship medal in the history of American automobile racing, will defend his right to the title won in 1916, in the 500-mile Liberty Sweepstakes at Indianapolis, May 31.

Resta is a driver who is possessed of great mechanical ability and is also a shrewd driver. It is noticeable that he either wins or does not finish his race. In the fifteen races that figured in the 1916 championship Resta finished first in five and gained 4100 points.

When he started his career in 1915 by winning both the Vanderbilt and Grand Prize road events at the San Francisco exposition, it was predicted by the wisecracks that it was only a flash in the pan. His next bow was made in the 500-mile event at Indianapolis and this was one of the few times that he ever finished behind another driver for Ralph De Palma literally drove Resta's Peugeot off its wheels.

During the remainder of the season Resta had uniform success and garnered more than \$48,000 in prizes. In the 1916 300-mile race at Indianapolis he romped home an easy winner and started his march to the championship. Last year Resta drove a car of his own make but did not have a great deal of success.

**L. A. A. C. SWIMMERS TO PERFORM AT VENTURA**

LOS ANGELES, April 15.—Vance Vieth of the L. A. A. C. will lead a band of his proteges to Ventura on April 26-27, where the Mercury watermen will stage an exhibition at the opening of the Ventura bathhouse. The party of performers includes Cameron Coffey, Jack Kilburn, Eugene Mahoney, Kenneth Carragher, Clyde Swedensson and Vance Vieth.

Exhibition races over the short distances, 100-yard medley relay, exhibition spring-board work and life-saving methods will form the program.

**ENGLAND NOT ENTERED IN REGATTA ON SEINE**

PARIS, April 15.—All the entries for the international rowing regatta, on the Seine April 27, have been received, and despite the fact that England is not represented, interest in the event is growing. The race will be rowed in heats.

The first heat will bring together crews of France, New Zealand, Portugal and Newfoundland. The second will have Australian, Alsatian, Lorrainian and American crews as competitors. The final heat will be a struggle between the winning teams of the first two heats.

**AUTO RACERS SPEED**

LOS ANGELES, April 15.—Cliff Durant and Eddie Hearne, famed auto drivers, have lost their laurels. They went down to ignominious defeat in a race with speedsters at Venice. They'll appear Thursday.

Everything for the children's Easter party, candy eggs, chicks, bunnies, etc. Just phone the Dragon.

**COAST LEAGUE GAMES**

The schedule for the eight teams of the Pacific Coast League this week is as follows:

Los Angeles vs. Vernon at Los Angeles, Vernon home team, 7 games.  
San Francisco vs. Oakland at San Francisco, Oakland home team, 7 games.  
Seattle vs. Sacramento at Sacramento, Sacramento home team, 6 games.  
Portland vs. Salt Lake, Salt Lake home team, 6 games.

**PAPKE DIDN'T STEAL WOMAN'S LAVALIERE**

LOS ANGELES, Cal., April 15.—Billy Papke, prizefighter, didn't steal a lavalier from Mrs. Mary O'Neal of Oakland.

That was definitely established today by the police after a 12-hour search ended last night with the arrest of Wm. Papin, whom Mrs. O'Neal identified as Papke.

Investigation, however, developed that Papin had told Mrs. O'Neal he was the well known pugilist, during a whirlwind courtship which ended when Mrs. O'Neal sought his arrest for alleged theft of her trunk and diamond locket.

After Papin was arrested Mrs. O'Neal refused to prosecute and he was released.

**KRAMERS TO BATTLE**

LOS ANGELES, April 15.—The Kramer family is due for a settlement of its troubles down at Vernon tonight.

Danny Kramer will meet Sailor ditto in a four-round bout.

**EHMKE WINS GAME**

LYNCHBURG, W. Va., April 15.—Carl Ehmke leaned on a heavy one while Smith was on first and won his own game yesterday from the Boston Nationals, 3 to 1.

**CUBS AT OKLAHOMA CITY**

EL PASO, April 15.—The Cubs proceeded to Oklahoma City today following their victory here yesterday over a Port Bliss team, 10 to 9.

George Tyler and Hippo Vaughn hurried for the leaguers.

**HARRY CONLON DEFEATED**

PITTSBURG, April 15.—Joe Burman, Chicago, decisively defeated Harry Conlon, the Buffalo bantamweight, in a ten-round match here last night.

**Four Big Leaguers Arrive From France To Reenter Baseball**

NEW YORK, April 15.—Four former big leaguers who have been fighting on land and water today are returning to the ranks of organized baseball as the result of special releases or discharges from the service.

Sergeant Grover Alexander, formerly with the Phillies and now the property of the Chicago Cubs, is en route to his home at St. Paul, Neb., where he will spend two weeks getting into shape before joining Mitchell's club. Alexander, who has been with the army of occupation, spent seven weeks at St. Mihiel, "hurling heavies at the boches," before the armistice. He was with the 342d Heavy Artillery, 96th Division.

Returning with Alexander on the Rochambeau last night were Lieutenant Joe Jenkins, White Sox catcher, and Mike Menoski, Washington outfielder.

"Rabbit" Maranville of the Boston Braves returned with the fleet yesterday and will be released from the U. S. S. Pennsylvania immediately, it was learned today.

**MRS. ALBERT ROSCOE LEADS GOLF SCORE**

LOS ANGELES, April 15.—Mrs. Albert Roscoe, champion of Southern California women golfers demonstrated her right to the title by shooting a 92 in the qualifying round of the championship tournament yesterday at the Los Angeles Country Club. Her score stood as the low gross of the day. Miss Woreen Kavanagh was her nearest competitor with a 95 for the round.

Other low gross scores for the day were made by Mrs. Parrot, 96; Miss Cameron, 97; Mrs. Elliott, 98; Mrs. Griffith, 98; and Mrs. Kegley, 99.

Mrs. C. H. Palmer, Jr., won the trophy offered for the low net score of the qualifying round. She negotiated the thirteen holes for a gross score of 114. With a handicap of 26, this gave her the low net of the day, 98.

**WHITE SOX DEFEATED**

SHREVEPORT, La., April 15.—Possibly worrying over the Federal League verdict over the national committee, the White Sox exploded in their game with Shreveport yesterday and dropped the game to the southerners, 5 to 1.

Shellenback and Danforth pitched for the Chicagoans.
